

LPS Update

Friday, July 30, 2021

LPS Community,

As the month of July quickly comes to a close, and we're just a few weeks away from the start of the 2021-2022 school year, we wanted to provide you with a quick LPS update.

- Following the announcement of the emergency public health order by Kansas City, Missouri, this week, Liberty Public Schools will comply and require face coverings be worn while inside all District facilities by all staff, families, and visitors beginning **Monday, August 2, 2021**. The emergency health order requires face coverings to be worn indoors. This includes all individuals entering our buildings, regardless of vaccine status. As you likely know, LPS has several buildings that reside in Kansas City, Missouri; thus, the decision has been made at this time to follow the KCMO guidance district-wide. We expect additional school guidance to be shared by the Clay County Public Health Center early next week and would adjust our *Return to Learn* plan, as needed. Additional *Return to Learn* information will be shared with LPS families next week. Thank you for your cooperation as we continue to navigate through the pandemic. We will remain committed to monitoring this ever-changing situation and will share with you any additional updates, as necessary.
- *2021-2022 Return to Learn* plans are being finalized. A *Return to Learn* family survey has been developed in an effort to solicit your feedback. To participate in the family survey opportunity, [click here](#).
- Time is quickly running out for those who have not yet completed the required *Returning Student Registration and Annual Residency Verification*. It is open for you to complete for each of your students who were enrolled in LPS at the end of the 2020-2021 school year and are planning to return to LPS for the upcoming 2021-2022 school year. This is required of all students and needs to be completed before **August 1, 2021**. This process is required in order to ensure that your student is ready to start school on Tuesday, August 24, 2021. To begin this process, [click here](#). To find additional, helpful information regarding the *Returning Student Registration and Annual Residency Verification*, [click here](#).

As always, thank you for your attention and support, and have a great weekend!
