

Developmental Screenings: Developmental screenings will be available by appointment to help you better understand your child's development and anticipate your child's needs. These screenings will examine your child's cognitive, language, fine and gross motor, and social development as well as hearing and vision. After the screening, the educator will share information with you about how you can continue to support your child's growth and development in these areas. To schedule an appointment for a developmental screening for you 3-5 year old child, please call 736-5324.
